

Repel birds from gas stations, restaurants, hotels

# Ultrason X

*Programmable outdoor ultrasonic repeller*

**First-ever ultrasonic repeller for EXTERIOR USE. Unique "silent to humans" harassments get rid of birds for good.**

# Ultrason X

## PROTECT

- gas stations
- eaves
- hotels
- small roof areas
- open parking lots
- open-air restaurants or food courts
- park and picnic areas

Targets pest birds with unrelenting newest-technology ultrasonic waves! This powerful sound attack forces birds to leave for good, yet it is harmless to the birds and the environment.

***Unique ULTRASONIC SOUNDS guard your property all day and night, like a silent security guard. Sounds move from speaker to speaker, delivering a constant, menacing multi-bird defense.***

- **Heavy-duty “surround sound”.** Separate control box plus four powerful directional speakers (each with 100’ of wire) offer greatest all-around flexibility
- **Easy Operation.** 110vAC electricity, adaptor included
- **Coverage.** 3600 square feet; 900 sq ft from each speaker
- **Programmable.** High, Medium & Low frequencies offer a customizable solution
